Expanding our Services

In response to observed increasing need in our area, we are offering the following services to our community:

Paws In Need

Emergency pet supplies such as food and litter are usually available to support pet-owning families with short term needs to help them care for their pet during times of hardship. Please call ahead so we can have it ready for you.

Lower cost spay/neuter services are available by appointment. Vaccinations and other routine wellness services can also be provided at time of surgery. If your pet is already altered and simply needs vaccinations, microchip or a blood test, please come to one of our drive thru clinics.

No More Litters

This is a special program for qualified low income families, subsidized by our generous donors, for spay/neuter services. Cost is \$20 per cat and \$50 per dog. Vaccines, microchip and/or blood test can be provided at time of surgery for an additional fee.

Drive Through Vaccination+ Clinics

We will be offering these periodically. Vaccinations, microchips and Heartworm tests can be performed. This is a Wellness Clinic. Please make an appointment with your veterinarian if your animal is sick or injured.

HSWC Brick Sale

The Humane Society of Waupaca County is a non-profit organization that inspires caring and compassion by bringing positive change to the lives of people and animals through humane education and companion animal care.

HSWC strives to be at the forefront of companion animal care, including shelter management, education, training, rescue, providing resources to other rescue groups, population management, and health care, fueled by adequate financial resources, caring competent volunteers and employees, and evolution toward a state of the art physical structure.

Our plans for that physical structure have been delayed, but not forgotten! In response to many requests, we are again selling bricks to be displayed in our Memorial Garden. Funds raised from this sale will augment our "Building Fund" until we are in a favorable position to realize this dream. Your brick purchases will provide some of the "building blocks" for us to do so!

You can find the mail in form on the back of this page!

Marketing The Power of Love

Dr, Pete Gasper

I wonder if a helpful way to envision institutions like the Humane Society of Waupaca County is that they are in the business of marketing the power of love?

The Power of Love?

Jimi Hendrix said "When the power of love overcomes the love of power, the world will know peace."

When looking through the lens of the relationships we have with our pets and animals, it is possible to see the power of love.

I've witnessed the how my dog Jack could benefit hospice patients. His joyous presence would spark something in people. Time and again I would see them rise over their miseries, thanks to Jack.

I've also witnessed dogs and cats, so confident in their innate lovability that they reach out to total strangers with an innocent kindness and affection. This has occurred in the veterinary examination room over the past year when these pets were separated from the people with whom they live.

Who knows if the world will ever know peace? I do know match-making a person or a family with a dog or a cat is doable. Here's to sheltered/in-need-of-a-home pets as local agents of peace!

Reba

She is a blessing to have. Thank you for giving this opportunity to add her to our family. There isn't a day that goes by that I don't thank myself for going to your humane society location.

Ashford

He turned out to be quite a handsome boy and is full of love and energy.

Jason

Lenna is doing great! She's been a lovely addition to our family and her and Louis have become best friends. Lenna is so lovable and is always there purring and ready to play with her mousy.

Flint f.k.a Grogue

Ruby f.k.a. Skai

Norman

One of his favorite toys is a dog's yellow tennis ball ! He will chase and bat it around the house. He has learned to come to his name, sit, shake hands and sit up. He's a really smart boy. He even likes to sit on the kitchen counter as I'm doing dishes and loves to have his face washed with just warm water on a washcloth when I'm done.

Silly guy.

Updates and Instagrams

Monica Peterson, Animal Health Supervisor/ Paw Prints

The more Paw Prints I create, the more I want to include some behind the scenes. After years of seeing all of these furry faces they sometimes will blur together for a moment, but just a quick look up of a profile and all the memories come flooding back. Sometimes it's a dog from 7 years ago that was adopted as a puppy, other times it's a cat that was believed to be 7 years old and lived another 12 years. Either way— WE LOVE UPDATES! Always! We all get very excited when someone reaches out years later with pictures and with how everything is going.

Dear HSWC,
It has been over a year since you helped me find my forever home but I still think of you and my kitty brothers and sister often. I am still loving my new home. I get plenty of cuddles and so many treats. I am sending some to you to share. Thank you for all that you do!
Love, Taliyah, formerly known as Whitey

Adopted 2019

We recently got a letter from Taliyah, formerly known as Whitey (picture and letter left). A litter of black kittens and we named them all white, silly right? But that's how we remember them. We love to make their names here at the shelter as unique as they are. Sometimes we get that one kitty that MUST be named Fluffy because of all the floof they have or some dogs are just a Max. Without even having to look up Taliyah's name in our system we knew exactly who she was by "Whitey" and her siblings. A goofy group of black smooshable kittens.

Letters, emails, Facebook messages! We love them all! In the last couple years some of our past residents have Instagram accounts (and of course I follow them). It is so exciting to see

posts about their adventures and having a small way to see how they are doing. The newest Instagram we know about is our Buster's. He came in as a stray of the city in February 2021. Buster looked like he got the worst part of the winter months and had a very rough start. He came in with old injuries, scars, scabs, broken teeth, swollen ears and on the cusp of a broken spirit. With some bribery of canned food, antibiotics and a couple exams by the vet we got Buster's spirit and health where it should be. We all LOVE Buster and wanted what would be best for finding him a home quick.

We reached out to Orphan Animal and Rescue Sanctuary (O.A.R.S.) to see if they had room for Buster and we transferred him and a few other cats. They posted Buster on Facebooks and within a short amount of time he broke the internet and went viral! They were flooded with applications for sweet Buster and eventually had to stop taking applications because there were so many! He found a wonderful family and now is best friends with their dog and living the most cushy life with them.

Follow these HSWC alumni on Instagram!

We are so grateful to make an impact on these pet's lives because they make one on ours. We always love updates on them whether it's been 5 months or 5 years. Once our doors are open again, we also love, love, LOVE visits! We are all family after all.

Ella

Our Sweet Ella Girl, Still ISO a Special Person

Ella loves all of us and we love her, but she would be **THRILLED** to have a forever home!

Ella does have some special requirements for her adoptive family.

No young kids because she will eat their toys. No cats because she does have prey drive.

She has a minor medical condition that is easily controlled with medication.

We think she would prefer to be your only pet. In return, she will happily be your constant companion on the couch and all of your adventures!

Please help us find her a home!

Susie and Molly

Susie and Molly are spunky girls who love other and other kitties! Susie has some anxiety that causes upset stomach and over grooming.

Susie and Molly are on special food right now, but with routine and a forever home, they'll likely be able to eat regular cat food again.

Available in all shapes and sizes!

Visit waupacahumane.org to see all our available pets!

Lucky

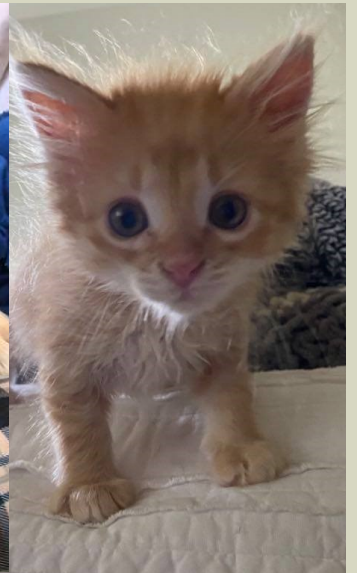

Lucky is a spunky, loveable girl. She loves walks and also wants to be a couch potato. She's looking forward to having that special someone that is willing to do both with her. She would prefer a quiet house and to be the center of your world. She does not care for other animals. She loves to play and learn, she's such a smart girl!

Rabunzel and friends

Rabunzel and her 3 other siblings are looking for homes in pairs.

Late Bloomers!

Puppy and Kitten Season came a little later than normal!

If interested in adopting or fostering puppies and kittens please fill out an adoption application on our website!

Remembering Ann Harvey

We lost a beloved and cherished member of our family last year. Ann Harvey quietly, but very effectively championed HSWC for two decades. She loved animals and could always be counted on when the fundraising committee asked for volunteers for the Dog Walk, processing the newsletter for mailing, bake sales, the annual rummage sale and many others. Her generosity and legacy will leave a lasting mark on all of us and the HSWC Adoption Center.

Ann Harvey's family recently visited the Adoption Center so Ranger could present HSWC with a generous gift from Ann for our Building Fund.

The HSWC Fundraising Committee attends Ann Harvey's Celebration of Life
