Dog Seller and Dog Facility Operator Inspection

s.173.41, Wis. Stats and ch.16, Wis. Admin. Code Inspection: Dog Seller Routine Inspection

Inspection Date: 04/21/2015 Inspector: Erin Carter

Legal Entity: Humane Society of Waupaca County, Inc.

License # / DBA: 266938 / Humane Society of Waupaca County, Waupaca Humane, HSWC

Location (Property):

2293 Commercial Dr Waupaca, WI 54981 Waupaca County

Personal information you provide may be used for purposes other than that for which it was originally collected s.15.04(1)m), Wis. Stats.

Inspection of your operation on 04/21/2015 revealed the following results.

Regulation Result Comment

0. General License Information, s. ATCP 16.02, Wis. Adm. Code

General License Information

0.1.1 Dog seller license and report are posted in a prominent place.	Compliant	
0.1.2 Dog Seller license number is in advertisements.	Compliant	

I. Record Keeping, s. ATCP 16.14, Wis. Adm. Code

General Dog Records

1.1.1. Records present and in written or readily readable electronic form.	Compliant	
1.1.2. Records retained for at least 5 years and / or made available to the department.	Compliant	

Locations at Which Dogs are Kept

1.2.1. Address of each location where dogs are kept.	Compliant
1.2.2. Name of individual responsible for administering that location.	Compliant
1.2.3. Name and address of home custody provider, if applicable.	Compliant

Dog Records

1.3.1. Breed of dog recorded.	Compliant	
1.3.2. Sex of dog recorded.	Compliant	
1.3.3. Date of birth recorded.	Compliant	
1.3.4. Approximate age of dog recorded.	Compliant	
1.3.5. Color of dog recorded.	Compliant	
1.3.6. Distinct markings on dog recorded.	Compliant	
1.3.7. Location at which dog is kept (including home custody provider, if applicable) recorded.	Compliant	
1.3.8. Record of official individual animal identification (tag, tattoo, microchip) if any assigned.	Compliant	
1.3.9. Statement that the dog was born under license holder's custody or legal control, if that is the case.	Compliant	
1.3.10. Dog was not born under the license holder's custody / control, date on which license holder acquired custody or control.	Compliant	
1.3.11. Dog was not born under the license holder's custody / control, name and address of person from whom dog was acquired.	Compliant	
1.3.12. Dog was not born under the license holder's custody / control, person's USDA animal care facility license or registration number (if any).	Compliant	
1.3.13. If dog is no longer under the license holder's custody or control, date on which the dog left custody / control of licensee.	Compliant	

1.3.14. If dog is no longer under the license holder's custody or control, disposition of dog.	Compliant
1.3.15. If dog is no longer under the license holder's custody or control, identity of the person whom assumed custody / control.	Compliant
1.3.16. CVI that accompanied dog when it entered or left the licensee's custody / control.	Compliant
1.3.17. Records include vaccination information.	Compliant
1.3.18. Records include observation information.	Compliant
1.3.19. Records include any treatment that occurred & who administered the healthcare.	Compliant
1.3.20. Breed registration records kept if applicable.	Compliant

Behavior and Socialization Plan

1.4.1. Behavior and socialization plan which meets requirements of 4.5.1 – 4.5.5	Compliant	
--	-----------	--

II. Dog Sales; Certificate of Veterinary Inspection, s. ATCP 16.16, Wis. Adm. Code

Dogs Sold are Accompanied by a Valid CVI

2.1.1. Dogs sold are accompanied by a valid CVI.	Compliant
2.1.2. CVI contains signature of certified veterinarian.	Compliant
2.1.3. CVI is a valid form issued by the department.	Compliant
2.1.4. CVI contains name and address of seller.	Compliant
2.1.5. CVI contains the number, breed, sex and age of dog(s).	Compliant
2.1.6. CVI contains information regarding whether the dog is spayed, neutered or sexually intact.	Compliant
2.1.7. Dog(s) vaccination record contains the type of vaccine.	Compliant
2.1.8. Dog(s) vaccination record contains the manufacturer of the vaccine,	Compliant
2.1.9. Dog(s) vaccination record contains the serial and lot numbers of the vaccine.	Compliant
2.1.10. Dog(s) vaccination record contains the date administered & person administrating.	Compliant
2.1.11. Information required for import under ss. ATCP 10.06(4) and ATCP 10.80, Wis. Adm. Code	Compliant
2.1.12. Valid negative Brucellosis test if dog(s) sold at public auction & is not spayed / neutered.	Not Applicable
2.1.13. Veterinarian statement, signature and date of signature on CVI.	Compliant
2.1.14. Valid issuance and expiration dates.	Compliant
2.1.15. Distribution of CVI copies to buyer, seller and issuing veterinarian.	Compliant
2.1.16. Re-issued CVIs updated, as necessary and copies distributed to buyer, seller an issuing veterinarian.	Compliant
2.1.17. CVI incorporating information from prior CVI includes a statement identifying prior CVI.	Compliant

III. Age at Which Dogs May be Sold, s. ATCP 16.18, Wis. Adm. Code

Dog(s) Sale and Custody Transfer Meets Necessary Criteria

3.1.1. Dog is at least 7 weeks old.	Compliant		
-------------------------------------	-----------	--	--

IV. Dog Care; General, s. ATCP 16.20, Wis. Adm. Code

Food and Water

4.1.1. Feeding frequency adequate.	Compliant
4.1.2. Size of ration and / or nutritional content adequate.	Compliant
4.1.3. Wholesome, uncontaminated and / or palatable.	Compliant
4.1.4. Amount and quality of fresh water adequate.	Compliant
4.1.5. Food and water containers suitable.	Compliant
4.1.6. Adequate sanitization of food and water containers.	Compliant

Animal Health and Veterinary Care

4.2.1. Proper handling.	Compliant	
-------------------------	-----------	--

4.2.2. Daily body, mobility and behavior checks completed.	Compliant	
4.2.3. Dogs suspected of communicable disease are isolated.	Compliant	
4.2.4. Adequate grooming. (nails trimmed, no hair matting)	Compliant	
4.2.5. Veterinarian exams or adherence to veterinarian recommendations.	Compliant	
4.2.6. Sick or injured dogs receiving timely veterinarian care or humanely euthanized.	Compliant	
xercise		
4.3.1. Daily access to exercise area where a running stride can be achieved.	Compliant	
4.3.2. Supervised physical activity.	Compliant	
og Grouping and Separation		
4.4.1. Compatible grouping of dogs.	Compliant	
4.4.2. Females in season appropriately separated.	Compliant	
4.4.3. Aggressive dogs separated.	Compliant	
4.4.4. Puppies under 4 months appropriately separated.	Compliant	
ehavior and Socialization		
4.5.1. Daily contact with other compatible dogs without good cause.	Compliant	
4.5.2. Daily positive human contact and socialization other than feeding time.	Compliant	
4.5.3. Play objects or other forms of inanimate enrichment in primary enclosure.	Compliant	
4.5.4. Dogs have contact, activity, enrichment.	Compliant	
4.5.5. Written plan for meeting behavior and socialization requirements.	Compliant	
loors and Interior Surfaces		
5.2.1. Enclosure does not have dirt floor.	Compliant	
5.2.2. Metal wire mesh floor is coated and / or has adequate gauge to prevent injury	Not Applicable	
5.2.3. Floor openings small enough to prevent dog's foot from passing through.	Not Applicable	
5.2.4. Floor and interior surfaces keep dogs clean, dry, and safe from injuries.	Compliant	
5.2.5. Floor and interior surfaces regularly cleaned and sanitized.	Compliant	
tacked Primary Enclosures		
5.3.1. Floor of top enclosure is not higher than 52 inches from floor of room, when enclosures are stacked.	Not Applicable	
5.3.2. Stacked enclosures adequate for safe handling, ventilation, temperature control, easy cleaning, sanitation and easy inspection.	Not Applicable	
5.3.3. Front side of stacked enclosures ventilated and / or have solid floor that can be easily cleaned and sanitized.	Not Applicable	
5.3.4. Stacked enclosures stable when filled to maximum capacity with dogs.	Not Applicable	
5.3.5. Dog(s) in stacked enclosures not exposed to excreta, urine, dirt or debris falling from higher enclosures.	Not Applicable	
rimary Enclosures for One or More Dogs that Get at Least 30 Minutes of Exercise Each Day	-	
5.4.1. Floor area of enclosure adequate for largest dog.	Compliant	
5.4.2. Floor area of enclosure adequate to accommodate all dogs in the enclosure without crowding.	Compliant	
5.4.3. Height of enclosure adequate for tallest dog.		
5.4.4. Dogs have adequate time (at least 30 minutes) per day in run or exercise area.	Compliant	
5.4.4. Dogs have adequate time (at least 50 minutes) per day in run or exercise area.	Compliant Compliant	
, , , , , , , , , , , , , , , , , , , ,	·	
5.4.5. Run or exercise area of adequate size to achieve running stride. rimary Enclosures for One or More Dogs that Get at Least 120 Minutes of Exercise Each Day	Compliant	
5.4.5. Run or exercise area of adequate size to achieve running stride. rimary Enclosures for One or More Dogs that Get at Least 120 Minutes of Exercise Each Day	Compliant Compliant	
5.4.5. Run or exercise area of adequate size to achieve running stride.	Compliant	

5.3. Height of enclosure adequate for size of dog. 5.4. Dogs have adequate time (at least 120 minutes per day) in run or exercise area. 5.5. Run or exercise area of adequate size for achieving running stride. 5.6. Run or exercise area of adequate size for achieving running stride. 5.7. Enclosure appropriate for breed. 5.8. Appropriate solid floor in area accessible to puppies. 5.9. Appropriate solid floor in area accessible to puppies. 5.1. Length and width of enclosure adequate for the dam to stand normally. 5.2. Length and width of enclosure adequate for the dam to lay down, and stretch out to allow all pups to rise. 5.5. Size of enclosure is adequate for number and temperament of puppies. 5.6. Enclosure includes an area that is only accessible to dam and large enough for dam. 5.7. Large enough to allow all puppies to turn around, stand up, lie down and exercise normal postural exements. 5.7. Large enough to encourage socialization and exercise. 5.8. Processing the enclosure for one Dog 5.9. No more than one dog is kept in enclosure. 5.9. No more than one dog is kept in enclosure. 5.9. Adequate light for proper care, maintenance and inspection and / or diurnal lighting cycle. 5.9. Adequate heating and cooling to protect dogs from temperatures and humidity that may be injurious their health. 5.9. Adequate fresh or filtered air to maintain health of dogs and minimize odor, drafts, ammonia levels of moisture. 6.0. An acquate fresh or filtered air to maintain health of dogs and minimize odor, drafts, ammonia levels of moisture. 6.0. An acquate fresh or filtered air to maintain health of dogs and minimize odor, drafts, ammonia levels of moisture. 6.0. Agent for proper care and an an accession and a sanitized appropriately to be free of dirt, debris and ease hazards. 6. Cognetic form primary enclosure before it is cleaned and sanitized and / or are returned to the leas after it is dry.	ompliant	
5.4. Dogs have adequate time (at least 120 minutes per day) in run or exercise area. Co. 5.5. Run or exercise area of adequate size for achieving running stride. Sping Enclosure 5.1. Enclosure appropriate for breed. 5.2. Appropriate solid floor in area accessible to puppies. 5.3. Height of enclosure is adequate for the dam to stand normally. 5.4. Length and width of enclosure adequate for the dam to lay down, and stretch out to allow all pups to rise. 5.5. Size of enclosure is adequate for number and temperament of puppies. 5.6. Enclosure includes an area that is only accessible to dam and large enough for dam. 5.7. Large enough to allow all puppies to turn around, stand up, lie down and exercise normal postural exements. 7.2. Large enough to encourage socialization and exercise. 7.3. Poor area & height of enclosure for no more than 12 hours. 5.3. Floor area & height of enclosure adequate for the dog. 5.3. Adequate light for proper care, maintenance and inspection and / or diurnal lighting cycle. 5.4. Adequate heating and cooling to protect dogs from temperatures and humidity that may be injurious of moisture. 5.6. Adequate fresh or filtered air to maintain health of dogs and minimize odor, drafts, ammonia levels of moisture. 6.7. Adequate fresh or filtered air to maintain health of dogs and minimize odor, drafts, ammonia levels of moisture. 6.8. Adequate fresh or filtered air to maintain health of dogs and minimize odor, drafts, ammonia levels of moisture. 6.8. Comments:

Humane Society of Waupaca County (HSWC):

- License Type: Animal Control/Shelter
- Hours of operation: Open to the public Monday 12-3 pm, Wednesday 2-7 pm, Thursday 12-3 pm, Friday 2-7 pm, Saturday 12-5 pm, and Sunday 11 am-1pm.
- Veterinarian/Veterinary Clinic: Dr. Jim Ziegler/Wolf River Vet Clinic, 216 West Wolf River Avenue, New London, WI 54961-1421
- Previous Inspection or contact: Routine February 1, 2013

Facility Information:

- This facility operates as an animal shelter as defined under s. ATCP 16.01 (3).
- HSWC consists of a single building. All enclosures are indoors. There are three (3) enclosures used to house small, adoptable dogs that provide 16.5 ft² of floor area; 13 enclosures that provide 24 ft² of floor area; two (2) enclosures that provide 32 ft² of floor area; and three (3) enclosures that provide 16.6 ft² of floor area.
- There are six outdoor, fenced exercise areas. Shade canopies are provided during months when shade is necessary. Dogs also receive walks and obedience training with staff and volunteers.
- Electronic (PetPoint) and handwritten records are kept.

Inspection Summary:

- Companion Animal Inspector Erin Carter performed a routine inspection at 2293 Commercial Drive, Waupaca, WI on April 24, 2015.
- Carter was accompanied by Monica Gardner during the inspection.
- All dogs (6 adults, 11 puppies) appeared in good condition at the time of inspection and had access to clean water and toys within their primary enclosures.
- The facility was clean and in good repair at the time of inspection.
- All records reviewed were complete and accurate.

Violation(s):

None

Inspection result:

The inspection was completed satisfactorily. The next inspection will be routine.

A copy of this report must be posted in a prominent location at your facility in accordance with ATCP 16.12 (5) (b).
